

Middle Tennessee Boxer Rescue
Brentwood, TN
Since 1990

Owner Surrender Information

Currently, we are beyond capacity. However, if you can give us more information, we may have someone on our adoption waiting list who would be interested in him/her. Can you please send photos and a few paragraphs of description (gender, age, color, size, tricks, does he/she get along with other dogs? cats? kids? any health problems? housebroken? crate trained? any training?, etc.) - anything that might make him/her interesting to someone who might be looking for a dog just like that? Please say where he/she is located. Photos should be taken from the dog's level, if possible, and should include a head shot from the front, one in profile, a full body photo, and (if possible) a photo that shows your dog looking cute or cuddly, or at least happy.

It is also possible that we can help you place your boxer without having to actually bring him/her into our program. What we can do is put his photo(s) and information on our web page and refer potential adopters to you. We would put your email address or phone number (you say which) on the webpage so people can contact you directly. It would be up to you to satisfy yourself that the applicant would be a good home. Middle Tennessee Boxer Rescue would not be involved in any manner in the process, beyond posting the information.

We do require that all dogs on our webpage be spayed or neutered (verification from your vet required). If you are interested in our putting your dog on our website, please send us photos and descriptions.

We receive eight to ten (sometimes more!) notices of purebred boxers in pounds and shelters in middle and east Tennessee every week. Those dogs usually have very little time to live if they aren't adopted, returned to owners, or sent into rescue. Our facilities are extremely limited, as are our foster homes. For this reason, we must give first priority to these dogs; even so, we must turn away most of them.

I look forward to getting your information. I hope we can help you place him/her quickly!
